- Your Centers are without students, no placements and you see no future business?
- Are you having issues which belong to skill development project operations?
- Its the right mail to read and get benefited

As most of centers are seeking without targets. The main reason behind this, the authorities are updating & improving guidelines to make scheme (such as for PMKVY) smooth & fraud free. Steps like bringing all Portals to one site and Digital Locker Facility of certificates are few appreciable steps. As in last years, we have seen many mis-leading operations by some TPs in terms of training and placement in various schemes (including PMKVY). Its a nice step by authorities such as NSDC to update its process. NSDC is playing a great role for making fraud free & keeping non performing centers out from the scheme.

We invite you to send your delegate (you can bring your family & friends along with you – to make understand what you are doing at present) by sending the confirmation mail on tp.tc.conclave@gmail.com before
